

## Southview Child Care PD Day

9:00 – 12:00

### Loose Parts Play

Our educator team will be divided into four groups. Each group will be assigned to a center and will spend time planning, implementing, and sharing how they have incorporated loose parts into that area. The centers include: dramatic play, blocks and construction, sensory bins, and unstructured/crafts.

### Storypark and Learning Stories.

The afternoon will be on “How to Use Technology in Documentation”. Each educator will bring digital photographs to the session. One of educators, who is familiar with using Storypark, will give a short presentation on how to use Storypark and how it can be used with Flight. Each educator will have time and be guided on how to use the app and then create a Learning Story.
