

Talmud Torah Society

This is the third year that we are closing as part of CAFRA's ECE PD day initiative. This year, we are thrilled to be a host site where centers can come and join us. Our ASaP coach is presenting module 1 & 2, this training will focus on building responsive relationships, emotional literacy, and positive peer interactions.

We will run module 1 from 9-12, break for a one hour lunch and resume for module 2 1-4. There is no cost to attend, we are encouraging people to bring their own lunch, there are also nearby options to eat out in Callingwood Marketplace. We kindly ask that any food brought into the center be MEAT FREE.

There is NO parking in the school parking lot, please use the street and for those who take ETS, the #2 and #106 stop outside of the school.

We have 10 spaces available for others to join us. This is open to ANY center who would like to participate regardless of being affiliated with CAFRA or ASaP.

Please contact Irene at irene.stsavard@talmudtorahsociety.com if you would like to register.
