

Terra Centre Child and Family Support Centre will be hosting an open house

Friday October 25, 2019

Two Sessions - 40 participant maximum each

Morning 9 – 12:15

Afternoon 1 - 4:15

Join us as we share our learning and invite you to imagine possibilities

As part of Terra's curriculum research focus this past year Terra's ECE team explored ways to engage parents more fully in the documentation process.

- Can pedagogical documentation support Educators efforts to build relationships with families?
- Does it promote families understanding of what is happening for children in their day to day experience in the Early Learning and Child Care environment?
- How can it bring family more fully into the life of the ELCC program?

Session Schedule:

(1 hour) Opening Presentation: Engaging Families in Pedagogical Documentation

(2 hours) Terra Teams share learning highlights and engage in conversation with the community colleagues. Visitors choose three playrooms for participation.

*****There are currently a few spots left for the morning session and 40 spots available for the afternoon session. Please e-mail Shannon (svanderhorst@terracentre.ca) if you are interested in booking space at this session.*****
